Subject: Microsoft Suit

Dear overpaid Nazi bureaucrats:

Time to lay off Microsoft and go after the real criminals: Hillary, Bill and all of their theiving, traitorous ilk that started this unnecessary lawsuit in the first place. While you're at it, it is time to scrap the "P.A.T.R.I.O.T." assault on our civil rights. Your disregard of the Bill of Rights is far more of a threat to America than all the terrorists in the world. You can also tell Attorney General Ashcroft I'm sorry I ever supported him. It's a pity his Senate opponent died and he survived.

A most dissatisfied customer,
